

Private Adelaide Hills Tour for Thorngrove Guests

Rich + Lingering design food and wine tours to gratify the senses.

The Adelaide Hills are a short 30 minute drive from Adelaide, and are one of Australia's premier cool climate viticulture regions. Sauvignon Blanc, Chardonnay, and Pinot Noir being particularly celebrated.

A private wine guide uncovers for our guests the delightful food and wine of the Adelaide Hills region. In the Hills guests can encounter unfolding scenic vistas through misty valleys. Visit alluring purveyors of the finest morsels, including award winning cheesemakers. Enjoy wines which are delicate and elegant, with fresh characteristics and refined structure.

This full day tour will show guests the delights of the Hills. They will be collected from Thorngrove Manor. Our guests will then be transported in luxury by their personal wine guide to the summit of Mount Lofty to enjoy panoramic views across Adelaide, Barossa Valley, and the Fleurieu Peninsula.

We then travel to Bridgewater Mill, an 1860's water wheel powered mill. This is also the home to the premium wines of Petaluma. Next we visit Hahndorf Hill Wines, producers of unique boutique food

wines from the cool climate of the Adelaide Hills. Their cellar door is nestled in the outskirts of the historic German township of Hahndorf. We stroll down the tree lined main street. Locations can be arranged for lunch of fresh local produce, and of course regional wine.

After lunch guests will have an opportunity to visit the various shops and producers within this charming village.

We then proceed further into the Hills to the township of Woodside,

to visit the local cheesewright who makes fresh and aged goats and cows milk cheeses. In Woodside we pause for afternoon tea at a local café.

To conclude the day we visit either Tilbrook Estate or Bird In Hand. Guests can chat to the winemaker at these boutique wineries and see the wine making process in action. Guests will be returned to their Thorngrove Manor after their day of epicurean indulgences.
